Young male cat found in tree on Dug Rd near Bull Mill Road. Had been in a tree for 24 hours since 4/11/16. Was kindly rescued by Holly Tree Service employees on 4/12/16. Small- only about 5/6 lbs, so guessing he is still a kitten. Has a collar but no tag and no chip. Was very hungry and is very friendly. Walked right into house without being coaxed. Seems litter box

trained. Brown/black/tan tabby with hazel eyes. We can keep him for a few days, but not longer.
