LOST PETS of the HUDSON VALLEY

LOST PET

Izzy from Highland Mills

Contact: 845-642-0129

Location: Ridge Road

Date : April 25, 2016

Izzy is spayed and declawed, a very timid indoor cat who has been outside before but never strays far from our townhouse. We are shocked and saddened that she has disappeared. She typically would walk around under our back deck before coming towards the back sliding door minutes later.
