LOST PETS of the HUDSON VALLEY

LOST PET

Kallie from South Salem

Contact: teresa328@optimum.net

Location: 33 Main Street

Date : July 28, 2016

Kallie has 4 white paws and a white chest with a black swirl. Her eyes are green and she is timid around strangers. She is a keen and effective hunter and likes to curl up small in dark covered places to nap. She returns home after hunting for awhile for food and water and always to sleep at night. She does like to be out during the full moon. We found her collar in a neighbor's

yard, so she has no collar on.
