LOST PETS of the HUDSON VALLEY

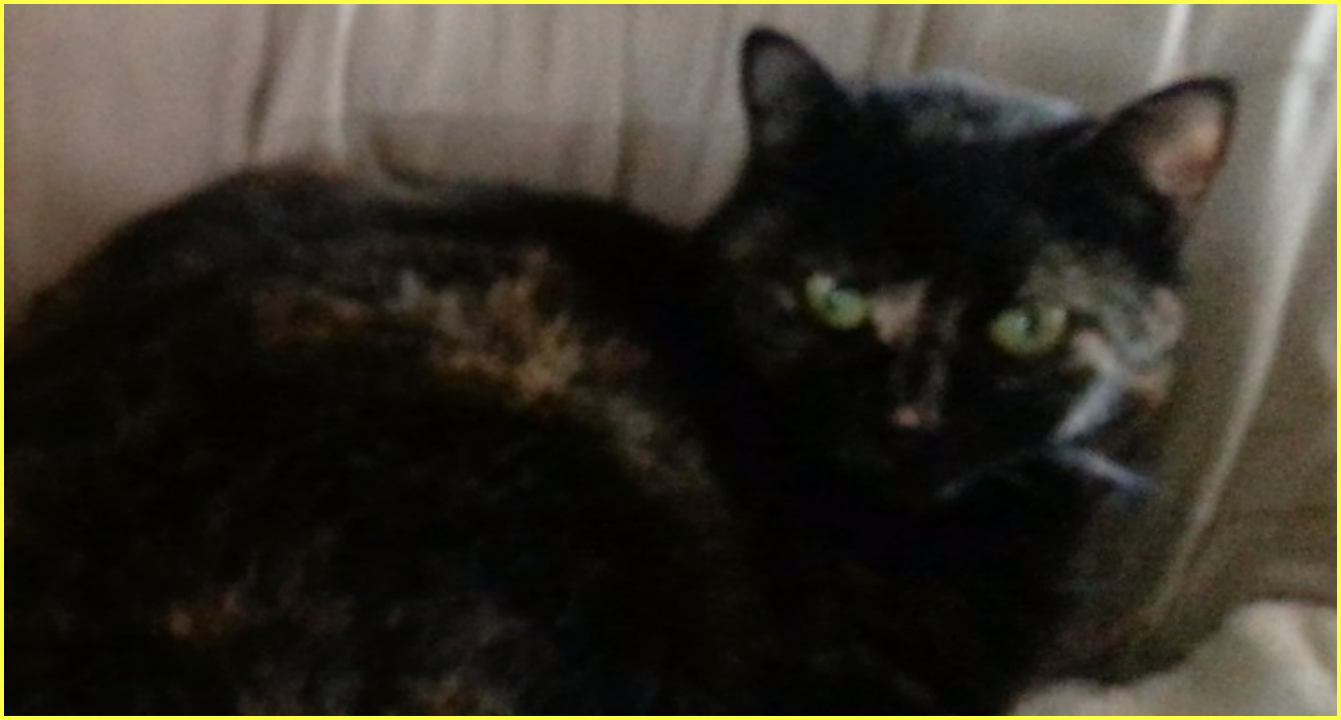
LOST PET

Scout from Millbrook

Contact: 607-267-2715

Location: Elm Drive

Date : September 7, 2016



Scout is usually shy around people but brave around other cats and dogs. She spends much of her time outdoors and in warmer months usually just comes home to eat breakfast and dinner, with an occasional sleep-in. She is up-to-date on all shots, was recently wormed and given flea/tick meds. She is micro-chipped. We just moved to the area and she took off when we let her

out into the back yard after a week in the house. She has been missing for about 5 days.
