Contact: 914-803-3667

Location: 15 Blue Jay Dr

Date : April 24, 2017

Lost in the north plank, gardnertown area of Newburgh. He is an indoor cat only, he just got out. I assumed he would be somewhere in the woods but he could be anywhere. He is neutered, microchipped and up to date on vaccines, but has no tags. He has a hip problem he was born with which can be seen when he walks. He is naturally scared/skiddish, so don't chase after him but

he is friendly.
