My father's dog went missing last night. He was last seen on the intersection of 9G and Annandale Road. He's a min-pin with long legs, a black coat, with brown spots near his eyes and paws, his name is Chaz. He's extremely fast and easily scared (he's just 8 months old). He also has very long legs and runs very fast, almost seeming that he isn't full min pin. If you find him or see

him please contact me on fb, 561-685-9411, or 954-243-7056, OR 954-404-3362. He got out of his collar, but he is chipped so a vet can identify him. Please keep an eye out!!!!!
