LOST PET

Raj from Spencertown

Contact: kelides@hotmail.com

Location: 626 State Route 203

Date : May 27, 2017

RAJ is still missing! He is an indoor/outdoor cat that likes to snuggle and have his belly rubbed. He may be a bit timid if approached. Raj is fixed. He was wearing a gray flea collar when last seen. Our family misses him dearly and is hoping for his safe return home.
