LOST DOG: Benny became lost this morning near Grove School Road in the Kiskatom area of Catskill. He's been gone long enough now to have wandered quite far. He is a fifteen pound small/medium white dog with black markings and a curved tail. He's incredibly friendly, so we're worried someone might have picked him up. Please let us know if a dog looking exactly like him is

seen with someone else. He needs medication, is microchopped and licensed.
Please share/repost. Thank you!
