LOST PETS of the HUDSON VALLEY

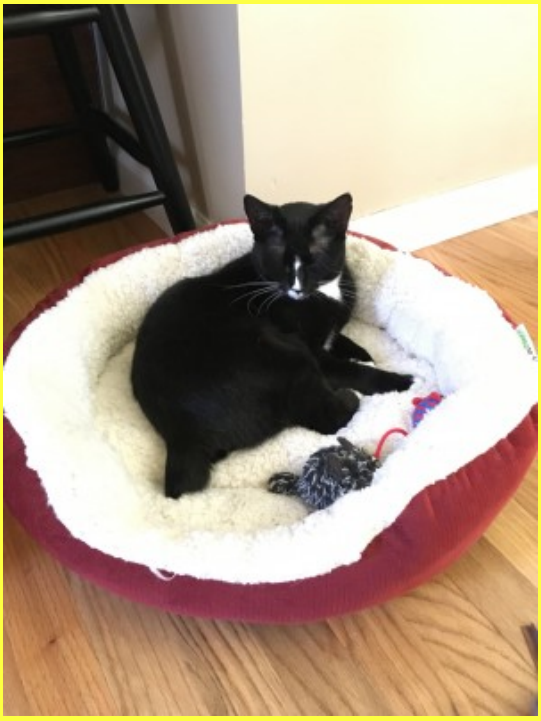
LOST PET

Fizzy from Poughkeepsie

Contact: 845-705-2506

Location: 916 Freedom Plains Road

Date : June 27, 2016



She is black with a white belly, white tips on her paws, and a white hour glass shape on her nose. Green eyes. Her tail is a small bob tail, due to an amputation before we got her. She is very small for a cat, bigger than a kitten but smaller than the average cat. She darted off into the woods from our house near RT 55 in LaGrange. She is very shy with people and easily

startled. She also hates to be held so it can be very difficult to get a grip on her. Offering a reward.
