LOST PETS of the HUDSON VALLEY

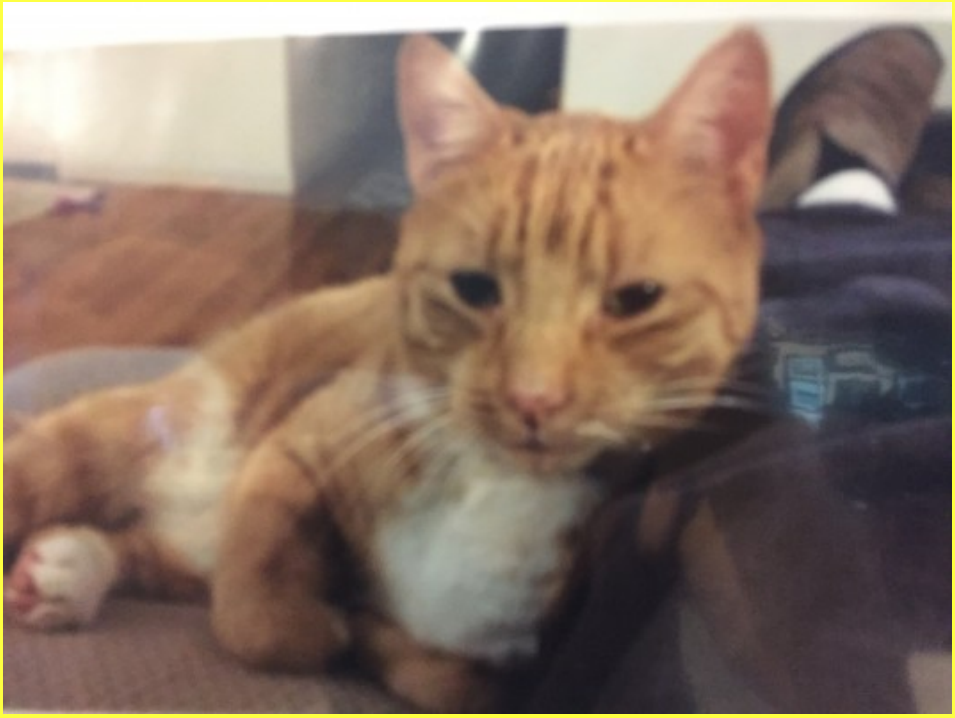
LOST PET

Eli from Beacon

Contact: annadtetrault@gmail.com

Location: Petticoat Lane

Date : August 31, 2017



My stepson's cat Eli has been missing from Petticoat Lane in Beacon (Glenham) since this past Monday (8/28/17). He is five years old, neutered male, is wearing a Serresto flea/tick collar and is not chipped. Stepson heard a big fight in the back of his property that night and Eli has not been home since. He may be injured. We miss him terribly. The area has been searched,

including the woods behind house. Hoping that he was injured and someone is helping him but can’t contact us because he’s not chipped. Please share the post and message me if any info.
