LOST PETS of the HUDSON VALLEY

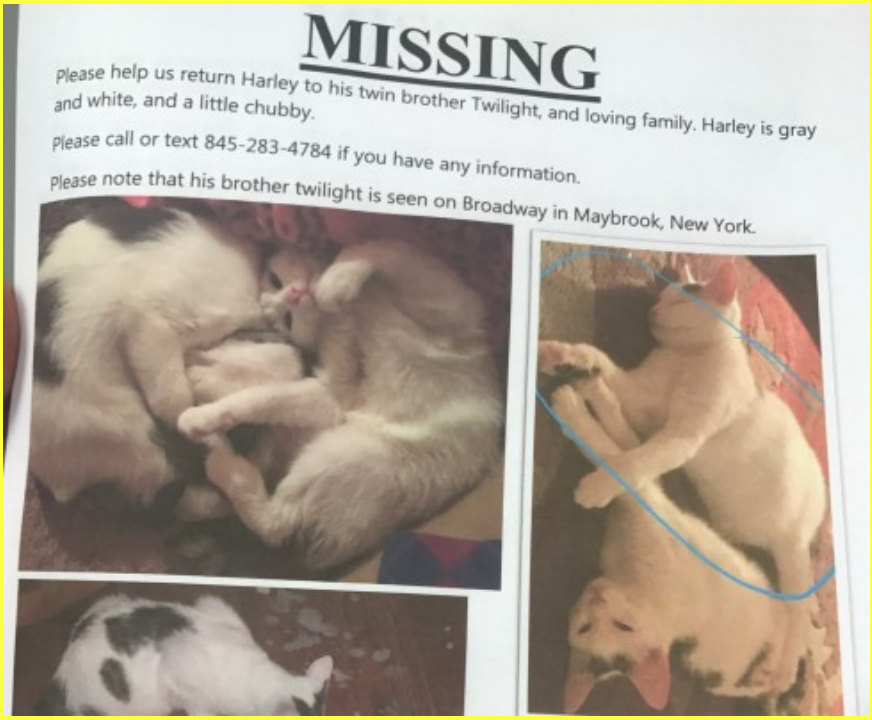
LOST PET

Harley from Maybrook

Contact: jimkier@gmail.com

Location: Broadway

Date : August 26, 2017



Harley has been missing for a couple weeks now. Please help us reunite him with his twin brother twilight, and his loving family. He is white with gray patches, and is as cuddly as ever. I believe he was separated from his mom too soon, which has caused him to want to suck on your face (it's a weird trait, I know), if this can help locate him in any way. My children are distraught, and

his brother is noticeably depressed. If there is any information please contact me as soon as you can.
