LOST PETS of the HUDSON VALLEY

LOST PET

Jasper from Warwick

Contact: Miller_shannonm@yahoo.com

Location: 21 Gordon Terrace

Date : August 22, 2017

Jasper is MISSING. Long black fur that blends to dark brown on his chest. Normally wears a white flea collar & blue collar with a design. Has not been seen since Monday August 14, we got back from 4 days of being away and he has not come home!! A friend was feeding our other indoor only cats daily, and although the food she left outside for Jasper was eaten she did not see

him! He is an indoor/outdoor cat for past 8 years and is never gone longer than one night!
