Date : August 29, 2017

Our cat Neko has been missing since Saturday morning (8/26/2017). We last saw him on Norma Ct. in Kingston, right off of Hillside Terrace. He is a large blonde male cat. He weighs about 15lbs and wears a gray flee collar. It is very out of character for him to be gone for more than a day. When he is outside he does not travel very far. If anyone sees him please contact me at
