LOST PET

Pele from Kerhonkson

Contact: jayanania@mac.com

Location: 3 Dunn Farm Road

Date : September 18, 2017

Our Golden Retriever is 9 years old and answers to the name Pele (Paylay) or Puppy. We live in Kerhonkson, where we moved to from the city 20 months ago. Pele is always with us in our house or enclosed yard. We do take walks around our property but he is nowhere to be found. He has never wandered off, ever. We and our neighbors have scoured the neighboring fields and

woods, but no luck. He is male, with a whitened face from age. He is wearing a green tartan collar, and a tick collar. No tags but does have a chip implanted. We are devastated.
