LOST PETS of the HUDSON VALLEY

LOST PET

Skilos from Middletown

Contact: angelinaverrett@gmail.com

Location: Boorman Road

Date : September 5, 2017

Lost my black miniature schnauzer on Thursday Aug 31st at 5:30pm. He was picked up on my road around that time by a caring person but she didn't secure him properly and he managed to run away again from Abrahamson Road. Please help, we miss our little baby. He is deaf so he will not come to his name and he's partially blind, but super friendly. Skilos has missing teeth

that was pulled out by vet due to infection and he isn’t fix because he is a retired show dog.
