LOST CAT: female, approx 2 years old in Livingston Manor, NY (Sullivan County). Very friendly, spayed, calico with distinct markings on her face. Answers to Hope. Last seen around 9/30 on my property on Lenape Lake Ext. We believe she stayed around this property for several days and could have been hiding out in some of the cabins here, but may have wandered towards

Lenape Lake Road near Matawa Lake and could also be at any of the houses there. She's extremely smart and friendly, and would know to take cover in a house/garage/barn as needed. If spotted, please contact me ASAP as I miss her dearly (and so do my other cats). Photo from May on a different property. Cell: 973.626.3673 text messages with info/tips welcome.
