Contact: 917-362-7966

Location: 482 Masten Road

Date : December 11, 2017

My dog Katy was last seen in front of our house at 4 pm today, Monday Dec 11, 2017. She only has a flea collar on, no other collar. She normally stays within our property because of our electric dog fence, but today, she did not have her collar on. She is very friendly. She also sometimes has a limp in her front right shoulder.
