LOST PET

Rosa from Woodstock

Contact: 917-538-2514

Location: 215 ELWYN DRIVE

Date : January 27, 2018

This is our little 13-year old 'jaguar', ROSA. She went out for a ramble on Weds morning, 1/24, and hasn't returned. We believe she would be in or around the BEARSVILLE FLATS area of WOODSTOCK.
ROSA has diabetes and is therefore VERY HUNGRY all the time. Please if you think you see her, bring her in and call us asap. I will come and get her

immediately. Glenn and I and her life partner, Lover Boy, are all missing her terribly and worried for her welfare in this cold weather.
