Moby from Pine Bush

Our 3-y/o male house cat, Moby, escaped from our home on County Highway (aka Rte) 17 in Pine Bush during last week's horrible blizzard. His littermate brother keeps calling his playmate searching the house while I keep walking and searching around and near our property. No luck. Moby is a beloved pet whose playfulness & energy bring joy to our home. Would greatly appreciate

your help in letting us know of a sighting or rescue. Moby's skittish and probably won't respond to his name, only shaking sound of food or treats. We'd most likely need to come & get him. Many thanks.
