LOST FEMALE INDOOR CAT (she's fixed) 3 yrs old. Gray & Black semi-long hair. She & her twin brother got out of the house through a broken storm door. The male stayed on the deck but she wandered away. We found her flea collar out in the yard this morning. She is an indoor cat & has never set foot outside. She is probably very frightened. Her brother is wandering around the house

looking for her. They were always together. She is not declawed. We are extremely upset. We combed the neighborhood & put up flyers & we are offering a $50.00 reward. Please call us at 845-369-6992 or 484-686-2568.
