LOST PETS of the HUDSON VALLEY

LOST PET

Katerina from Poughkeepsie

Contact: sepalacios@aol.com

Location: 16 Kinry Rd

Date : August 5, 2018

Lost Katerina on August 3. She is mostly white and has a heart shaped brownish patch around her mouth and brownish stripes running down her back and through her tail. She is strictly an indoor cat so I know she must be terrified. Please contact me asap if you think you've seen her. My daughter misses her terribly.
