LOST PET

Darth Vader from Kingston

Contact: tapple@gmail.com

Location: 180 August Hill Ln

Date : November 24, 2018

Black cat, named Darth Vader (due to May 4th birthday). Age 4.5. We just moved from Tillson to a different part of Rosendale. He got out late at night with his sister cat but never came back in. He is a very experienced outside cat, just not in this new area. We see another stray cat (full body grey, around 4-6 years old) in the area occasionally, so it seems likely that he could

manage. We live in a forested area, no neighbors have seen him.
