LOST PET

Jack from New Paltz

Contact: fkosempa@gmail.com

Location: Riverview Drive

Date : November 26, 2018

Missing since Friday morning, he was last seen in the Riverview Drive area of Tillson/Rosendale. He's been a patient of Dr. Rugg's at Kingston Animal Hospital for over 14 years.

He's a very friendly senior who needs his daily thyroid meds, and he certainly

has an appetite. AKA: “The softest cat on earth”.

Always the indoor/outdoor adventurous type, we’re hoping somebody picked this handsome fellow up thinking he’s a thin stray.
