Location: 96 Lockwood Road

Date : October 1, 2019

This approx. two year old un-neutered male tiger showed up in the vicinity of our house on Lockwood Road in Livingston, NY about a year ago. I knew he wasn't feral because he showed so much interest in us and our cat, but he wouldn't let us get near him. About a week ago he came up to us just begging for attention even after we fed him. Loves being petted, just purrs and purrs.

Likes other cats too. Can’t keep him because our cat is too aggressive towards him. Hope someone claims him since there is a month waiting list to surrender to Humane Society.
