LOST PETS of the HUDSON VALLEY

LOST PET

Toes from Wappingers Falls

Contact: 845-264-4476

Location: Paulette Lane

Date : September 4, 2019

Toes has been missing for a few days, he is my outside cat that someone dropped of last year. He is neutered, super friendly and vocal. I have been working on getting him to trust me enough to come inside and be an inside cat, I was so close before he disappeared. He has a small scar on his left shoulder. He gets along with dogs, cats and chickens.
