LOST PET

Ash and Calcifer from Cross River (Sponsored by Kimlin Energy)

Contact: 914-977-3839

Location: 58 Mark Mead Road

Date : December 17, 2019

Yesterday, 12/16/19 both my kittens went missing. Ash, the lilac point Siamese was last seen at 4:30 AM, and Calcifer was last seen about 5:45 AM. The cat doors must have been open, and they scooted out. Usually, they return

quickly, though not yesterday.

Both cats are chipped, neutered, friendly, and up-to-date with all their vaccinations. The Siamese is quite vocal, 10 mos old. The orange tabby is 8 mos old.
