Our Amber has gotten out early this morning and hasn't been seen since. She was last seen on South Brett in Beacon, NY. She's very friendly but can be shy to those she doesn't know. She is a mix of different browns with white. She has a long tail with a white tip. Please contact if you see her. Our local police department has also been informed. Amber will be mostly with another dog.

Her name is Paisley. Paisley has also gone missing with Amber. A post for Paisley will be posted as well.
