Our Paisley had gotten out early this morning and haven't been seen since. She was last seen on South Brett in Beacon, NY. She's very friendly but can be shy to those she doesn't know. She is a mix of different black, tan with

white. She has a short tail. She will most likely be with our other dog Amber. An ad has been posted for her as well. Please contact if you see her. Our local police department has also been informed.
