LOST PET

Penny from Hopewell Jct.

Penny was discovered having gotten out of our house overnight and hiding underneath our porch this morning. We tried to get her to come out to no avail. When we next went to check on her she was no longer there. She's a white/grey/black tiger stripped cat around 4 years old, medium to large sized wearing a Seresto collar with reflectors but no tags. My son and her sister cat

desperately miss her.
