Found Cat on Trinity Way / Pray Lane. A cat wandered over to my porch last evening – very friendly tabby, so I think it's a male. Has a white bib on his chest and at the top of his tail. Very comfortable around the children. We took 'him' in specifically because it was late and we'd brought our cats and chickens in on account of a fox sighting earlier in the day.

Does anyone know who ‘he’ is and where he lives?
