Location: Maple Ave

Date : May 14, 2021

This beautiful young grey cat with white bib and feet turned up hungry and meowing at my vacation house last night. She kept asking to come in so I'm giving her shelter right now. She's clearly someone's pet and must be lost as she was way too hungry. Please post for me and I'll call local vet tomorrow for advice. The cat looks no more than 9 months old. Very affectionate and

trusting and a lap cat.
