**Our domestic short hair tortoiseshell cat disappeared off our property on June 12th. She may have strayed too far and is now lost and scared. The pic shows her at 4 weeks. She is now 11 months but coloring is still the same except eyes are now golden. Last seen behind the First Presbyterian Church in Chester. Please call if you see her or have seen her or know of any info that**

**will help us find her. Thank you so much.**
