Date : July 2, 2021

Sassy is an almost 8 year old short haired calico cat, with some white on her belly. She has been missing now for 2 weeks. She used to be an indoor/outdoor cat, however we moved 3 months ago, and we made her an indoor only cat out of fear that she wouldn't be able to find her way home. Unfortunately, she got out, and we've been holding onto hope that she would

find her way home to us. She is very loved, and very deeply missed. She went missing on the corner of Frozen Ridge and Bingham in Marlboro.
