Finn has been missing since May 25, 2021. He is an INDOOR cat, and has never been outside before. He is 10 yrs old and is a striped black, gray and tan tabby short haired cat. He may have some blue caps left on his claws. Our family is completely heartbroken and we want our little boy back. We have had him since he was a kitten and we are not doing well without him. We miss you Finn. Please come home to us.
