Ivy from New Windsor (Sponsored by Kimlin Energy)

Contact: 845.534.0365

Location: The Reserves

Date : September 8, 2021

Missing in New Windsor – Petite tabby girl. Has been known to hitch a ride in cars. Went missing from her farm off Route 94 about 8 weeks ago. Was last seen in the Reserves 2-3 weeks ago. She is an indoor/outdoor cat, microchipped and was wearing a purple leather collar. She is a great hunter and super friendly. Have been combing the area and local neighbors have

suggested she may be mixed with a colony of cats in the area of Meadowbrook Lodge as many residents are feeding them. If you have seen Ivy please contact us.
