LOST PETS of the HUDSON VALLEY

LOST PET

Teddy from Pawling

Contact: 914-204-9623

Location: 105 W Main St

Date : August 7, 2021

Teddy was last seen Thursday evening, 8/5. He typically stays very close to home and comes when we call him. He always sleeps inside at night, so this is very unlike him. He a Russian Siberian but looks like a Main Coon. He's very friendly and responds to his name. He only has on a gray flea collar and is missing two fangs on the left side. We recently brushed off a couple of big

knots so he has a couple of bald spots.
