LOST PET

Patches from Poughkeepsie

Contact: williamreagan@optonline.net

Location: 13 School Street

Date : July 10, 2017

Patches is missing from the Violet Avenue (9G) area in Hyde Park NY between Cottage Road and School Street. She's a 10 year old female that's mostly white with orange & black patches and an orange & black striped tail. No collar or chips. She's an indoor / outdoor cat who roams her immediate territory but always comes home. She's usually timid around new people but

has made exceptions. Missing since last Thursday. I've already contacted most of my immediate neighbors. Please write williamreagan@optonline.net if you know anything. Thanks.
