Lost Siamese mix breed cat Saturday night between Downs Street and Smith Avenue. Neighbor called on Smith Avenue to say they found my cat when she was really just outside. I asked the neighbor to release her so she could come home, but the cat never returned. She is a beautiful short haired Siamese with a dark face. Last seen Saturday evening around 530 usually comes home for

breakfast in the morning but never showed up. My grandchildren are devastated as they love our cats and want their kitty to come home.
