LOST PETS of the HUDSON VALLEY

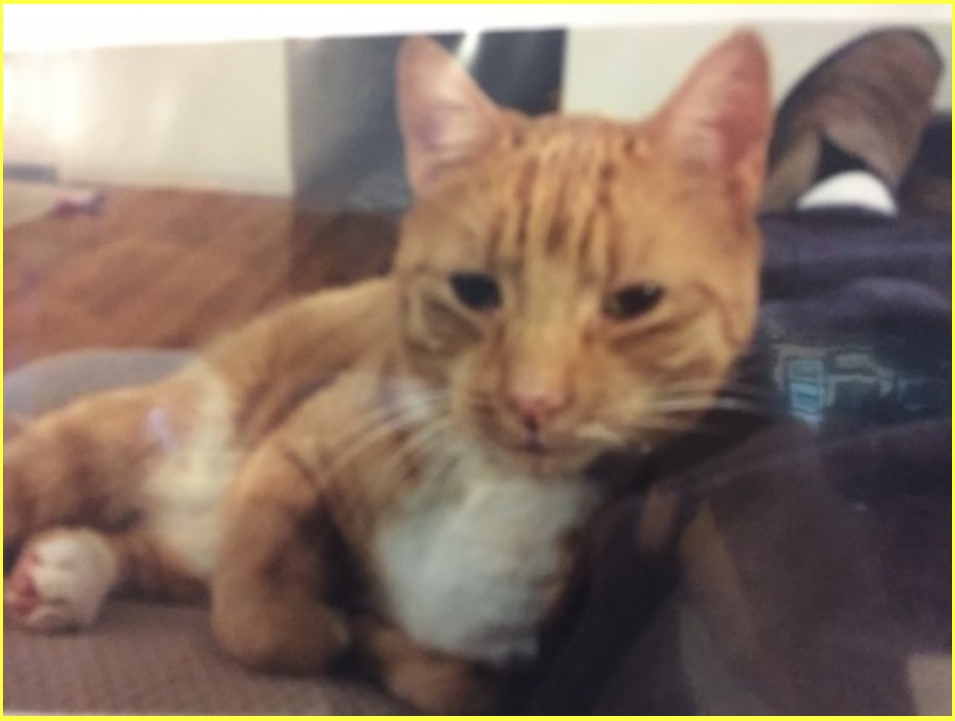
# LOST PET

## Eli from Beacon

## Contact: annadtetrault@gmail.com

**Location: Petticoat Lane**

**Date : August 31, 2017**



**My stepson's cat Eli has been missing from Petticoat Lane in Beacon (Glenham) since this past Monday (8/28/17). He is five years old, neutered male, is wearing a Serresto flea/tick collar and is not chipped. Stepson heard a big fight in the back of his property that night and Eli has not been home since. He may be injured. We miss him terribly. The area has been searched,**

**including the woods behind house. Hoping that he was injured and someone is helping him but can’t contact us because he’s not chipped. Please share the post and message me if any info.**
