CAT SIGHTING MAHOPAC!

Is anyone missing an extremely friendly tuxedo cat (black body, white muzzle, white neck and white feet) which has been sighted in the vicinity of Sheryl Lane and Richard Road in Mahopac? This cat is appearing every now and then on my deck and lately is trying to get into my house. I do not know if it is a male or a female. This cat is a real beauty, very clean and appears to be an indoor cat who is lost. I am highly allergic and I cannot bring the cat into my house. I contacted the Putnam Humane Society who told me to post the cat's picture here. Please call 914-907-9481 if you know whose cat this is.
