⍰⍰ MISSING CAT⍰⍰ Lk Carmel, Yorktown Rd Between Salem Rd & Cottage Rd.

Please Be on the Lookout for
our sweet black/white Tuxedo boy named TUXIE. He was last seen on Tuesday 9/12/23 at approx 900 p.m. Our Ring camera last registered him and

his brother Sidney (orange tabby), also missing, on our deck at almost 5 am on 9/13.

Tuxie is a neutered outdoor cat, (who wants no part of coming inside) that we've been caring for since 2017 when we think he was dumped. He's friendly, doesn't go far from home...and has NEVER missed a meal here.

He is wearing an Orange collar with a black metal tag attached with his & our info on it. He's wearing a grey Seresto flea collar as well. He often hangs with a striped Gray neutered kitty Tabby & two Orange neutered kitties that we also take care of. We're more used to not seeing one of the orange guys for days at a time. They were all last seen together right after their dinner Tues evening 9/12/23.

We are going up & down our surrounding blocks calling him through tears & trying not to lose hope. We know he'd be here at home if he could be⍰⍰ PLEASE check your Ring Cameras...If anyone sees him or knows of anything that might've happened to him, please message us.

See attached photos.

Thank you.
