Location: 117 Tinker St

Date : September 10, 2024

This very friendly, talkative kitty was just hanging around Tinker St, squirrel watching, gardening & sneaking right in the door behind me. She's back out in the sunshine after a snack on the porch & some water. Well fed girl seemed hungry from a sneak-out night & I'm a sucker. My little old senior cat buddy's having zero competition so she's back out adventuring this end of town.
