Willy from Poughkeepsie

Contact: 845-483-0480 / [illegible]

Location: 16 Buttermilk Drive

Date : September 5, 2017

His name is Willy and he is about 9 years old with black fur. He is declawed (front only) and he's wearing a grey Seresto flea and tick collar. He has been missing since 9/2/17. He is an indoor/outdoor cat and has never been gone for more than a day, so we're very worried. If anyone sees him please let us know.
