Location: Kenyon Hall Vassar Campus

Date : March 8, 2025

While walking on the Vassar Campus this morning we saw this sweet small kitty huddled next to the Kenyon Hall building. We had our dog with us so couldn't get too close but we did leave some small treats. Hope someone recognizes her/him. She seemed used to humans, didn't run away and watched us as we went by. We returned later in our car and she had moved to another spot and the treats were gone.
