LOST PET

Keisha from Bloomingburg (?? Sponsored by Ulster Savings Bank)

Contact: 845.553.0162

Location: 527 Shawanga Lodge Rd

Date : September 1, 2024

Keisha was adopted by us in October 2023, he was a stray that our neighbor and we had seen in the area over the course of a month or two and had fed him when ever possible. My wife and I took him in, he had fleas and ticks on him and his ribs were showing, but he seemed somewhat affectionate. I learned when I took him to the vet for worming, shots etc he had already been fixed....Our 10 year old male cat and he didn't get along very well until lately as

Keisha became more domesticated (still was an avid hunter though as I'm certain that was how he was surviving). That had tapered off some. Needless to say we love the little dude and are heartbroken he has gone missing.. He went outside the evening of 8/20/24 and has not been seen since. He is wearing a seresto collar with a purple heart shaped tag with his name and my cell number on it.
