Location: 41 hollow road

Ron was last seen Friday night at 5:45pm outside our home. He is an indoor/outdoor cat but always comes to us when we call him to come in for the night. He didn't come when called Friday night and we haven't seen him since. He is super friendly, will probably come to you if called and is very vocal. He's slender and weighs about 5 pounds. He does not currently have a collar on.
