LOST PET

Carli from Howells

Contact: 845-820-2591

Location: 140 New Vernon Rd

Date : November 26, 2017

Carli is friendly...from a far. She may be intrigued in you or may be checking out your property. But she will become scared if you get too close. She was staying with me at my parents home and she got out. She was last seen Friday night (Nov. 24th). She has markings on her sides that are leopard like.
