Thank you for any help you can provide finding him. We would definitely provide some kind of reward for help locating him. please help! ⍰⍰ from east wing apt 110

we imagine he must've gotten out when my partner came in late at night. But how he could've gotten beyond the metal doors in our hallway I'm not sure. It's very strange, but he doesn't seem to be in our apartment or in the hallway anywhere. mystery! The cats can be sneaky. we have scoured both places in and around the building and neighborhood.
