LOST PETS of the HUDSON VALLEY

LOST PET

Sekhmet from Glenford

Contact: 507-304-2452

Location: Spencer Road

Date : December 4, 2017

We lost a female kitty called Sekhmet. She is a 1.5 year-old, super loving and sweet tortoise-shell cat. She was last seen wearing a red reflective break-away collar with a black tag with her name and our info on it, but she could have lost it; she is chipped. Sekhmet was last seen on the edge of Glenford/Woodstock, NY area and could be somewhere on/around Ohayo

Mountain. She is a very special cat: we adopted her from a venue we got married at and we love and miss her dearly.
