Please ⍰⍰ help me find my indoor only 3 female all 6 years old. My boyfriend now ex was taking care of them for me because I became homeless after I fell asleep at the wheel on the Taconic & totaled my car & was in the hospital prior to this he kicked me out because we were a toxic relationship so I had

no where to go & I slept outside behind Dollar Tree in Wappingers in the Home Depot parking lot until my car insurance paid for a rental car for me & I have been living in it & still going to work. My ex didn't tell me he was getting rid of my 3 baby girls because he couldn't take it anymore because he was very allergic to cats which I only found out when I moved in with him in January at his apartment complex which I was not on the lease & they do not accept animals there & when the property leasing manager found out she told him get rid of her & her cats you're breaking your lease & that's why I had to move out & had no where to go & became homeless living outside. He dumped my 3 baby girls across from Home Depot on the side of the road near the woods & lied to me & said he took them to shelter. I just found out the truth yesterday at 6pm because a nice couple found my 4th baby girls 7 years old calico she went in there backyard right up to them because she's not shy & they asked me if I'm missing a cat named Lucy & I said yes I met up with them & then I realized he my ex dumped my 4 female cats by Home Depot no water no food & it was on 4/5/26. I keep searching for the other 3 night & day haven't slept & someone posted a picture of one of my cats Gracie sleeping in front of Home Depot on Monday but when they went back she was gone. My other two cats all Black with a little white hair on her upper chest is Molly & she's about 25lbs yes she's a Meatball who has lung & heart disease & then there's Sophie light gray with a slight hint of orange hair she's called a minute calico but basically all light gray with some stripes unfortunately she didn't have her collar on with my cell because he took it off why I don't know & also Gracie won't ever keep a collar on since she was a kitten because she chokes herself because it gets caught in her mouth & she can't release the collar from her open mouth. They are all fixed, chipped. There names are Sophie light gray, Molly Meatball all black with a little white fur on upper chest under her collar & then Gracie she is dark tiger stripes with huge green eyes. Please ⍰⍰ help me find my 3 baby girls I'm a devastated wreck so heartbroken knowing they were dumped out like trash he my ex is cruel to do that to any animal. My name is Lisa please ⍰⍰ pray for my 3 babies & myself.
